

- **Goof Off® Super Glue Remover** cuts through the toughest cured adhesives and glues.
- **Use it to eliminate costly messes and mistakes from adhesives.**

DIRECTIONS: Always use safety goggles. People with sensitive skin should use solvent resistant gloves. 1. Apply directly to adhesive/glue. 2. Allow 1-2 minutes to penetrate. 3. Wipe off softened glue. 4. Repeat if necessary.

NOTE: Multiple applications may be necessary to remove heavy amounts of cured glue. For tight areas, use a small paint brush for application.
